CONCLAVE MEETS.

The Largest in the History of the Catholic Church Now Assembled in Rome.

ONE OF THE CARDINALS IS ILL.

The General Impression Exists That Within Two or Three Days a New Pope Will Be Elected.

Cardinals Rampolla, Serafino, Vannutelli, Di Pietro, Gotti and Oreglia Are Most Frequently Mentioned for the Position.

Rome, Aug. 1.—The largest conclave in the history of the Catholic church has now assembled in the sistine chapel for the purpose of electing a successor to Leo XIII. Sixty-two cardinals, with over 200 clerical and lay attendants, are, to all intents and purposes, prisoners within the vatican. One of them, Cardinal Herrera y Espinosa, archbishop of Valencia, was prostrated immediately after entering the conclave, and lies ill in his cell. Saturday morning the cardinals entered upon the solemn duty of choosing the new pope by ballot. The general impression exists that within two or three days, though probably Saturday, a new pope will be chosen. But no matter how long a time may be required, the absolute seclusion of the princes of the church from the outer world must, according to the church law, continue until a choice is made.

Prognostications as to who will wear the tiara as Leo's successor have little value, as even the cardinals, who Friday evening entered their cells, seemed to be without definite ideas as to the issue. Cardinals Rampolla, Serafino, Vannutelli, Di Pietro, Gotti and Oreglia continue to be most frequently mentioned as the likely candidates, but the moment the name of one of them is mentioned a hundred reasons are supplied to show that he could not possibly be elected.

More interesting, perhaps, in a certain way is the impression which prevails in certain sections that, no matter what the verdict of the conclave may be, great changes are impending in the policy of the vatican, and that within a year or two the new pope will no longer consider himself a prisoner in the vatican, but will, unlike Leo, leave the precincts when necessary.

Until the conclave is ended, 700 Italian troops will remain in the plaza of St. Peter's, with 400 to the right and 300 to the left, while 150 more soldiers will be stationed on the plaza in front.

DIAMOND ROBBERY.

Five Thousand Dollars Worth Taken From a Chicago Jewelry Store.

Chicago, Aug. 1.—While the jewelry store of Louis Weber, at Clarke and Harrison streets, was full of customers Friday night robbers entered the basement of the place, and, cutting holes through the floor and raised platform between the outer and inner show windows, stole two trays of diamonds valued at \$5,000. Gaining access to the basement through a vacant store in the rear, the thieves sawed a hole in the floor back of the show window large enough to permit a hand to be passed upward where the jewels lay.

FIRE ON AMERICAN FLAG.

Canadians Objected to Old Glory Being Above the Union Jack.

Belleville, Ont., Aug. 1.—The Canadian steamer Varuna went into Trenton harbor flying the Union Jack at the stern and the Stars and Stripes on her main flagstaff. Some young men protested against the United States flag having a higher position than the Union Jack. One of them secured a rifle and fired several shots at the flagstaff, and then the flag was hauled down.

EDITOR'S LONG WALK.

He Proposes to Foot It From Illinois to the Arctic Ocean.

Chicago, Aug. 1.—Robert M. Wilson, editor of the Durango, Ill., Clipper, plans to start Saturday at noon and walk to Cape Lisburne, on the Arctic ocean, 8,000 miles away. He will go through Minnesota and Canada, following the coast from Vancouver to Cape Nome, thence to his destination, beyond the Arctic circle. He expects to be gone 15 months.

Rockport, Ky., Aug. 1.—Marshal Sam Keown, of Fordsville, who shot and killed Lincoln Smith on a train, had his examining trial before County Judge Miller, and was acquitted.

THE MOB BAFFLED.

Futile Attempt to Take Two Negro Prisoners From a Train.

Huntington, W. Va., Aug. 1.—A Chesapeake & Ohio train was held up by a mob of 200 men near Clifton Forge late Thursday night and a desperate effort was made to take two Negro prisoners from the train. Over a hundred shots were fired by the mob and when the train reached Huntington 20 bullets were hurled in the wood-work of the smoking car and all of the window glass had been shot out.

At Clifton Forge the Negro prisoners were taken on board to be brought to Covington, Va., for safe-keeping.

The train was flagged soon after leaving Clifton Forge, and when the train came to a standstill the mob surrounded the locomotive and ordered Engineer James Hall not to move his train under penalty of death. The mob then began to climb aboard.

Conductor Hall, who had anticipated trouble when he saw the train flagged, was prepared for the mob, and as they made a rush for the coaches, he ordered all the doors of the cars locked. The men, finding that it would be impossible for them to enter and obtain the Negroes, began to gather around the smoking car in which the Negroes were under guard. As Conductor Hall ran through the train calling on the passengers to lie flat on the floor, the mob began to fire into the windows of the smoking car, while the passengers scrambled from their seats to places of safety from the flying bullets. The firing was kept up for several minutes, and bullets whistled through the car windows. While women screamed, the mob outside continued their clamor for the two Negro prisoners. Not a passenger or trainman was injured. Engineer Peck, during the firing, stayed in his cab, covered with revolvers. At last the main body of the mob had almost exhausted their supply of bullets, and those who had been guarding the engineer had left, going toward the smoking car, leaving Peck unguarded.

Suddenly he opened the throttle and the train shot forward, leaving the mob behind. They fired a few farewell shots into the windows as the train moved off. The Negroes for whom the train was held up are from Lynchburg, Va., and are believed to be the men who shot and seriously injured a white brakeman, Edward Hite, on a C. & O. excursion between Clifton Forge and Lynchburg a few days ago.

MARCUM MURDER.

New Witness Testified to Seeing Jett, White, Ewen and Marcum at Time of Shooting.

CORROBORATES EWEN'S EVIDENCE

Marcum's Father-in-Law and His Two Sisters Were on the Stand Friday Afternoon.

Members of the Family Knew of a Conspiracy to Murder the Attorney For Over a Year Before His Assassination.

Cynthiana, Ky., Aug. 1.—When court convened Friday afternoon Judge Osborne sent the jury to its room and stated that he had heard that weapons had been drawn on witnesses on the street and he wanted any one having information regarding such incidents report the same to him.

Alexander H. Smith, another new witness, testified to seeing Jett, White, Ewen, Marcum and others at the time of the shooting, corroborating the testimony of Ewen and others.

Marcum's father-in-law and his two sisters testified during the afternoon. Mr. Hurst, the father-in-law, testified that Jett came to him the afternoon of the murder and wanted to talk with him. White was with Jett at all times on the three occasions that they met after the death of Marcum. Hurst testified that members of the family knew of a conspiracy to murder Marcum for over a year before his death.

Mrs. Hord, a sister of J. B. Marcum, testified that when her brother came into her house on the Sunday afternoon previous to his murder that both Jett and White followed him into the house and walked about in the different rooms of her home. She finally insisted that they leave, and they did so.

Armed Men Seen About the House.

Mrs. Mary Johnson, another sister of Marcum, testified that armed men were frequently seen about the house where her brother lived. She had lived at her brother's home for a year previous to his murder, and the family was frequently warned that Marcum was to be murdered. She testified that she saw Thomas White and three other men in a stone quarry about 200 yards from her brother's house; that her brother intended taking a train, and sent her out to see if any one was lying in wait for him. When she returned and told her brother about White and three others being in the stone quarry he did not go to the depot. She testified that she saw both Jett and White after her brother was killed and that she asked Jett directly about it and accused him of it, and that he replied, "Hargis' money killed him, but I fired the shot." Mrs. Johnson testified that she also asked Tom White about the shooting, and accused him of helping to kill her brother, to which he replied, "Go and ask Ewen who killed him. He saw who did it, and will tell you he knows who did it."

The cross-examination of Mrs. Johnson was lengthy and severe, but she did not become enraged and break down on the witness stand as at the former trial at Jackson.

The testimony of other witnesses was regarding Jett and White near the side door of the Jackson court house before the shooting and the corroboration of Ewen's testimony as to the location of different persons after the shooting.

GOV. TAYLOR.

Attorney Campbell Will Request Gov. Durbin to Give Him Up.

New York, Aug. 1.—Col. T. C. Campbell, who has charge of the prosecution of Goebel's alleged assassination, and who, for three years, lived in the Kentucky mountains, preparing the evidence against the conspirators, left New York Friday for Frankfort, Ky., to obtain from Gov. Beckham a request to Gov. Durbin to deliver Taylor to Kentucky. In case this is refused, a mandamus will be sought before the supreme court of the United States. Should one be granted, and disallowed, contempt proceedings will be begun. Mr. Campbell will also direct the prosecution of Caleb Powers, formerly secretary of state, whose trial will be commenced Monday morning.

Live Stock.

Cincinnati, July 31.—Cattle—Heavy steers, choice to extra, \$4.75@5.10; fair to good, \$4.25@4.60; butcher steers, extra, \$4.65@4.75; good to choice, \$3.65@4.10; cows, extra, \$3.75@4; good to choice, \$3.1

DISPATCHES announced that President Roosevelt at Oyster Bay impressed his gneat, the Postmaster General, with the advisability of concluding the postal investigation at as early a date as might be practicable. In consequence, the Postmaster General will return to Washington at once. The fall elections are approaching and the President wants the scandals out of the way.

THE TELEPHONE.

The Progressive Farmer Will Have One in His Home—It Will Pay For Itself.

[Exchange.]

Have you ever thought how many hours out of every week can be saved for yourself, your family and your teams by the assistance of the telephone? Have you ever calculated the minutes that can be gained in case of sickness or business emergencies? Have you ever thought of the dollars that you might gain were you only in close touch with markets? Can you conceive the pleasure to be derived from having in your homes means of immediate communication with relations, neighbors or friends, though situated miles away?

The telephone will pay for itself by getting better market prices.

It will save several dollars every month by avoiding needless trips to town.

It will deliver and receive telegrams and important messages immediately and without extra expense.

It will keep you informed on weather predictions.

It will order repairs instantly when machines break down.

It will do the visiting and make social calls without the trouble of "dressing up" and making a dusty, sultry or freezing ride.

It will get a doctor on a moment's notice, and maybe save a loved one's life.

It will get election returns as soon as they are in.

It will keep away insolent tramps and prowling burglars.

It will keep the boys on the farm, and also the daughters.

It will make home happier, brighter and better and more delightful in a thousand different ways.

Progressive farmers throughout the country are installing telephones in their homes, and in the near future every agriculturist will have a direct means of communication with the outside world.

Mr. James Irvine was reported better yesterday.

A disgusting affair took place in Georgetown, O., a few days ago, says the News-Democrat. Dick Green, a big, burley coon, obtained license and was married to one Ellen Hassens, who was born a white child, but who has sadly fallen from her birth state. Both parties reside at Ripley. Green tried Mayor Kirkpatrick and 'Squire John O'Hara, but they refused to perform the ceremony. 'Squire John White then tied them up as man and wife.

EDISON'S NEW BATTERY.

The Wizard Claims He Has a Machine That Will Do Away With the Trolley.

[New York Times]

Thomas A. Edison, when questioned yesterday about the new storage battery which the public has been expecting for over a year, said:

"The popular impression seems to be that my new storage battery was more or less a possibility, but that it began and ended there. That is not so—one of them has been in operation for the last three weeks in one of the Altman's delivery wagons, and is doing all that I expected and claimed for it."

"There is a great deal to be said for the new battery, and all in its favor. It will average more than a third greater mileage for half the weight than will the old lead battery. It has an additional advantage, inasmuch as it can be recharged at a much faster rate than the old battery. As much electricity as will send the motor forty miles can be put in in less than an hour."

"Ever since I took up this problem of the greater capacity battery I have worked with the idea of using it for street locomotion—in automobiles and trolleys. And now the auto battery is finished."

"I have been experimenting with an electric coach to-day, and it is surprising how well it showed up. We climbed Eagle Rock, where the hill-climbing contests are held, with the greatest ease, and we really did not dare to attain our maximum speed."

"We cannot put the new battery on the market in any quantity as yet. The best we can do now is to make one a day. By October we will make at least six daily, and about Christmas we will be in shape to meet any demand. The trouble has been that special machines had to be built, but the last of these will be completed next week. Another disadvantage I have to contend with is paying 40 per cent. duty on a certain sheet steel that must be imported from England or Germany, and then the present high price for the batteries will be reduced."

"This battery will drive all other methods of locomotion out of business, and in less than ten years the horrible odor of gasoline on the public highways will be unknown. As for a lack of recharging stations, that is nonsense. In the last month forty-five new ones have been installed in the New England States alone, and this is going on all over the country."

"Next year I will wager that I can take a car of my own design, fitted with my motor and battery, and go to Chicago and return in less time and with more pleasure than any other machine in existence. There will be no break-down, no explosion of gas or gasoline, and the trip will be made at an even twenty-five miles an hour."

Contemplates Erecting a Summer Resort.

[Lexington Democrat.]

Dr. C. C. Owens and wife, of Frankfort, were in the city for a short time while waiting for the train to convey them home. They had been camping with a party of friends on Kentucky river, and while in camp Dr. Owens bought a plat of land which he will convert into a fern farm. The new establishment will be the first of the kind in Kentucky, if not the United States. Dr. Owens may buy a much larger plat of land nearby the plat he has just bought in a short time and build a hotel for a summer resort. He thinks the cliffs of Kentucky river would be an ideal spot for a summer resort and that it would soon become very popular.

The sale of the personal estate of the late Eneas Myall amounted to \$513.01.

The new electric cars are expected next week.

George Highlander, aged seventy years, died at the home of Bateon Fite near Saris the first of the week.

A concert by the "Indian Band" will be given at the corner of Second and Court streets to-night, beginning at 7:45. A popular and pleasing program will be rendered.

The Ruggles Camp Meeting Association re-elected the old Board of Directors—I. M. Lane, John Walsh, G. A. Kelley and Miles Wailingford. Rev. J. S. Young, of this city, is Secretary.

Rev. H. C. Northcott, formerly of this city, is now in his eighty-second year, but can work every day, preach once in awhile, and is well preserved for his age, except that he has been totally deaf for years.

Christian Church—No preaching tomorrow. Communion service at 10:45 a. m. Sunday school and Endeavor meeting at usual hours. The public invited. The congregation will join in the union service at First Presbyterian Church at 7:30 p. m.

Negotiations have at last been concluded by which Ringgold Lodge, I. O. O. F., will build a large one-story addition to the Bee Hive, making the lower floor of that building 125 feet deep. This will give Messrs. Merz Bros. one of the largest storerooms in Kentucky.

Poyntz Bros. are the only Maysville distillers selling pure liquors by the quart, gallon or barrel, direct from distillery to consumer. Seven-year-old whisky \$2 per gallon. Age and quality guaranteed. Get the best. Office 126 Market street—Watson's old stand.

Scott Stevenson has conveyed to J. W. Stevenson an undivided fourth interest in seventy acres near Murphysville. Also an undivided half interest in about seventy-seven acres in same precinct. In consideration of above transfer, J. W. Stevenson conveys to Scott Stevenson an undivided half interest in 161½ acres near Murphysville.

The C. and O.'s through train from the East that passed down Friday morning was held up at Clifton Forge, Va., the evening before by a mob, who were after a couple of negroes charged with mortally wounding a C. and O. brakeman on the James river division. The conductor, William Hail, had all the vestibule doors well barred, and it was impossible for the mob to get aboard. This enraged them, and they opened fire on the "Jim Crow" car, where it was known the prisoners were riding. The engineers, after probably fifty shots were fired, opened the throttles and pulled rapidly away. No one was hurt.

THE BRIDGE COLLAPSED.

Many Persons Fell Into the River and Three Were Drowned.

Portland, Ore., Aug. 1.—While hundreds of people stood on the Morrison street bridge Friday, to see Clarence Lutz, and armless man, swim across the Willamette river, a section of the bridge collapsed, precipitating more than 100 people 40 feet into the river. Minnie Raymond, Lottie Cameron and an unidentified boy were drowned and 25 persons were slightly injured.

Many fell on the small house boats moored to a pier of the bridge immediately under the spot where it gave way. Several persons were injured by striking on the boat houses, while others were hit by falling timbers. Many fell from the roofs of the house boats into the water, where dozens of small boats and launches picked them up.

CANT' EVADE IT.

Positive Proof From Maysville Can't be Brushed Lightly Aside.

The reader is forced to acknowledge that convincing proof from people in this locality is pre-eminently ahead of endorsements from everywhere else in our republic. Read this: Mr. John H. Fansler, of 209 East Fourth street, says: It is most pleasing to learn of a remedy which does all that is claimed for it when there are so many whose merits exist only on paper. I know that Doan's Kidney Pills are a valuable and reliable remedy and this fact is substantiated by ample proof from their personal use. I procured the remedy at J. Jas. Wood & Son's drug store, corner of West Second and Market streets."

For sale by all dealers. Price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—DOAN'S—and take no substitute.

Fancy Silk Madras

AT 15c. WORTH 25c.

Why our clearing sales are always anxiously awaited and hundreds of people take advantage of them is easily accounted for. We do not tell you that this and that suit is WORTH so much and that you can buy it during the sale at 25 per cent. less than its worth, but we tell you that WE SOLD them at such and such a price, and during the SPECIFIED TIME of the sale you can buy them at

25 Per Cent. Discount!

The crowds that came in through the past week and the crowds that we know will come in during this week (remember the sale ends next Saturday night) testify that our ads are convincing.

Continuing until Saturday night, August 1st, we continue to sell all clothing 25 per cent. less than our regular selling price. All our Straw Hats one-third off. All of our Furnishings at 10 per cent. off the selling price. A limited number of \$1.50 Manhattan Shirts at \$1.15.

WE HAVE

This day disposed of our dry goods business to Messrs. D. Hunt & Son, after a business career of eighty-four years, and take this opportunity of thanking our customers for their generous patronage, whose kindly associations will be long remembered by us. Some of you have been our customers through three generations. It is a source of regret to us to break these ties. Through the generosity of the Messrs. Hunt we will have our office at the old stand until August 1st, where settlements of accounts can be made. After that date all accounts will be placed in the hands of a collector. We bespeak for the new firm a generous share of your patronage. Very respectfully,

GEORGE COX & SON.
